

Angel Heart International, Inc. 2017 Q3 Update

Since Angel Heart International was founded ten years ago, we have been committed to providing care that extends beyond the medical condition of a patient. From the doctors who travel hours away to visit patients at their homes, to the volunteers at a child's hospital bedside, to the other patients and families they meet at reunions—these relationships that the children of AHI build become a vital support network. Our team of supporters and volunteers alike remain at the core of what drives AHI.

As we continue making strides towards connecting the AHI team in new ways, I am excited to announce the launch of our newly redesigned website at <http://www.angelheartintl.org>. Visitors can find [video documentaries](#) with stories from our patients and volunteers, our [newsletters](#) archive, opportunities for [new volunteers](#), and much more. I invite you to take a look and explore your interests. More developments are in the pipeline as well, so please keep an eye out for new features, newsletters, and patient stories!

During the third quarter, AHI also sponsored the surgeries of three children: Junhao Kung, Sihan Gui, and Ziqui Ma. We continue to follow them throughout their swift recovery.

For more information and updates, please visit our [website](#) and [Facebook page](#).

Thank you, as always, for your warm support.

Sincerely,
